Los artistas más
famosos del mundo en
preciosas fotografias a todo color

TELE-GUIA, al cumplir veintidós años de vida y servicio a los televidentes de la República, se enorgullece al presentar a todo el pueblo de México el ALBUM FOTORAMA, como un sencillo homenaje a los artistas mexicanos y extranjeros, así como a todas las agrupaciones y empresas que con su esfuerzo, han colocado a las industrias de la televisión y el cine, en el lugar preponderante de que actualmente gozan dentro de la diversión diaria de este gran país.

Queremos hacer patente nuestro agradecimiento a todos aquellos que como una sola familia, nos han proporcionado tantas horas de grato esparcimiento, muy especialmente a la Asociación Nacional de Actores, su Secretario General Jaime Fernández, a todos y cada uno de los grandes artistas que honran nuestras páginas, a Televisa y todas las compañías distribuidoras de series y películas, que han hecho posible la realización de este álbum que será un valioso documento para todo el público.

A todos ellos y a los millones de espectadores que forman la gran familia mexicana, dedicamos esta obra.

Respetuosamente.
